"Hold still," the Captain says, paintbrush in hand.

It's hard, though! Martyn's dressed like, like _
He's been dressed up like a prostitute. A female prostitute. Dark, smoky makeup, a dress with a deep dip in the neckline to rival the extremely high hemline, a lacy, matching set of bra and panties.

He looks like a personal, uh, 'helper' of the Captain.

And Ren's memorializing his appearance here, too, linseed oil pungent in the air, mingling the scent and the pleasure of being admired and brought to canvas that Martyn keeps finding himself addicted to.

"Perfect, pretty little whore," Ren rumbles.
